Happy November!

It's time for the Rain-gutter Regatta! We'll have fun racing our boats, sharing cheers & laughs and learning things about each other. Who is a good sport? Who likes to laugh? Who likes to have a lot of fun? All these things make us the people we are. We all have strengths that we

rely on and weaknesses that we try to work on to become better people. In Scouting, there

are many things for us to do and learn about. Sometimes we get frustrated because we don't know something or we're

having a problem doing it. But remember, we didn't learn to walk and talk overnight - it took time. If you do your best and work hard, you will preserve and become a better you!

Good luck everyone!!

Cubmaster Brian
